

Aaron Kane

Junior web dev

Purpose and scope

- Online space for me to advertise myself as a developer
- Portfolio site/ online resume
- Test my skills on the frontend

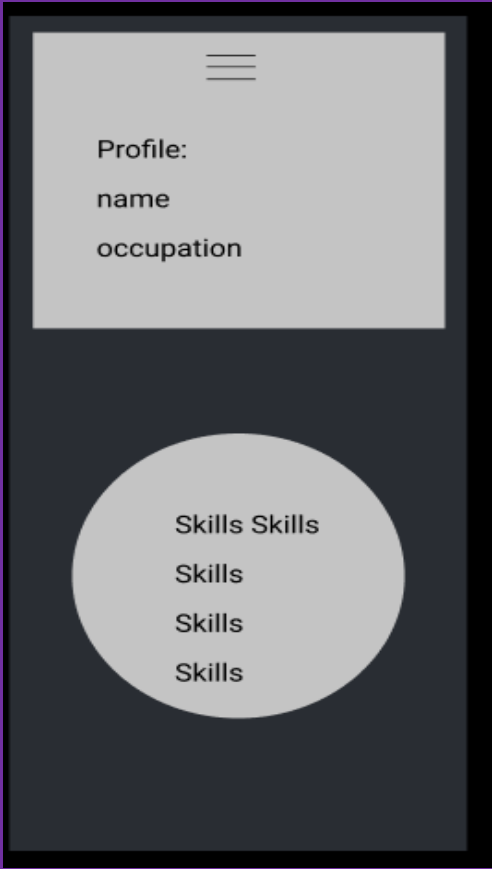

Components

Makes use of

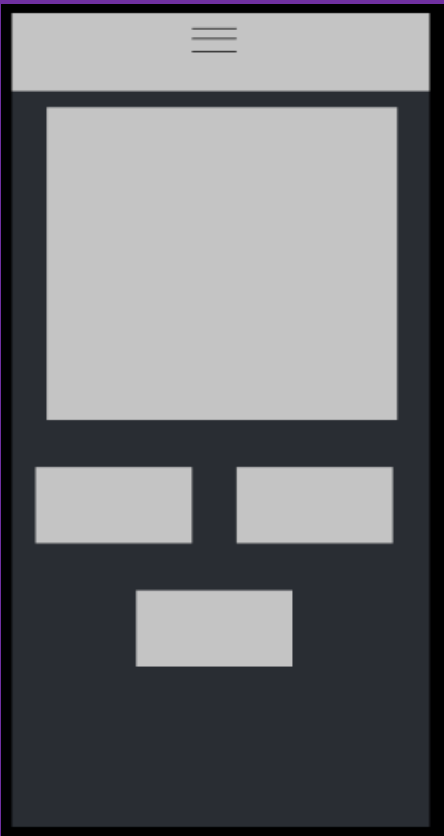

- Grid layout most pages
- Contact page uses flex
- Color scheme dark theme with turquoise accents
- Transform animations
- Tab navbar navigation
- Responsiveness for different screen resolutions

Design

- Minimalist approach no clutter
- Easy to navigate (one click/tap) – user can navigate to any page with one click excluding external links
- Interactive design – user can interact with elements on the page
